

Your health plan includes access to the NOVO Health Bundled Payment Program.

Heading for Surgery? Here's how to Pick the Best Option.

NOVO Health and your employer have teamed up to offer you priority access to top quality providers. Qualifying procedures are bundled, which means the services of your physician, the surgery center, anesthesia, and sometimes other services (depending on what you need) are presented in a single bill.

833-361-6686

Next time your doctor recommends surgery call NOVO Health to see if your procedure qualifies for a NOVO Health bundle.

Types of bundles available:

- Achilles Repair
- ACL /MCL Repair
- Knee Replacement
- Bunionectomy
- Carpal Tunnel Release
- Total Shoulder Replacement
- Rotator Cuff Repair
- Spine
- Women's Care
- Ear, Nose & Throat (ENT)

Bundles are always being added; please contact NOVO Health Care Navigation at 833-361-6686 for information on current bundled procedures.

A single bill for bundled services

Priority Access to the best doctors

Earn an incentive by choosing a NOVO provider

Why NOVO Health

1.

High Quality Health Care

The providers involved in NOVO Health bundles have voluntarily met EXTRA QUALITY STANDARDS and work together to implement best practices and coordinate your care.

2.

Priority Access

Priority Access to NOVO physicians is often noted as the primary reason patients choose NOVO Health. When you need care, NOVO Health helps you find and schedule the right doctor quickly.

3.

Predictable Bundle

Have you ever received a stack of bills from different providers for the same procedure? Were you left to wonder how many would arrive and what the total might be? We don't like that either. We package the services of your physician, the surgery center, anesthesia, and sometimes other services (depending on what you need) into a SINGLE PACKAGE called a BUNDLE. The price of the bundle is known in ADVANCE.

4.

More Money in Your Pocket

When your procedure is scheduled at a NOVO Health Center of Excellence, you and the company that provides your health benefits will save money compared to more expensive hospital sites.

- Many companies share a portion of their savings with employees who choose NOVO Health.
- Check with your HR department or call a NOVO Healthcare Navigator to learn about any extra benefits your company might offer.

5.

Limited Warranty

Bundles include a LIMITED WARRANTY FOR 90 DAYS after surgery. This means fewer bills and more peace of mind if you need additional care at our sites while you recover.
